

Fleet Operations Superintendent

Alaska Power & Telephone has a full-time position for a Fleet Operations Superintendent at our Haines, Prince of Wales, Skagway, or Tok Locations.

GENERAL PURPOSE OF THIS JOB:

Support all aspects of the corporate fleet operations, including but not limited to the development of short term and long-term capital and operating budgets in coordination with Chief Operating Officer and on-site management.

ROLE and RESPONSIBILITY:

- Ensure corporate fleet maintains a cost efficient and mission-ready status at all operational locations.
- Develop and maintain metrics for replacement of aging vehicles and equipment.
- Develop a long-term capital plan for vehicles and equipment.
- Develop systems, policies, planning, and regulatory compliance as necessary to maintain fleet.
- Supervise and coordinate with local mechanics to ensure required duties are being performed, working with Telecom and Power leadership to establish individual mechanic's priorities and ensure ongoing operational needs are met.
- Ensure fleet maintenance is being performed at appropriate intervals and tracked appropriately.
- Supervise the use of fleet related apps and systems and provide appropriate oversight and training to fleet operators.
- Report any fleet related non-compliance issues to appropriate department.
- Travel to site locations on an as-needed basis.
- Ensure crane certifications and dielectric testing programs are carried out per requirements.
- Coordinate fleet labor and assets when required to support operations, such as Assisting with maintenance of diesel plants and hydro plants in areas of mechanic expertise (such as hydraulic systems, part machining, etc).
- Lead and/or assist fleet mechanics in their duties including:
 - Maintenance of fleet vehicles, including digger and bucket trucks and heavy equipment
 - Housekeeping of yards, shops and other fleet related areas
 - Equipment certifications such as crane and dielectric
- Travel will be required up to 25% of the time to other AP&T Locations

EDUCATION and EXPERIENCE REQUIRED:

- Must have a H.S. Diploma or GED
- 5 years' experience in maintenance of all types of vehicles (diesel, gas engine and electric)

EDUCATION and EXPERIENCE PREFERRED:

- Familiar with hydraulic systems
- Familiar with computer engine diagnostics
- 10 years' experience in maintenance of all types of vehicles (diesel, gas engine and electric)
- Welder experience or training, hydraulics training, supervisor training, computerized engine diagnostics training, HAZWOPER training

CERTIFICATES, LICENSES, REGISTRATIONS:

- ADL, CDL, First Aid Card, CPR Card, Flagger certificate, DOT required & air brake certifications

OTHER:

- Computer knowledge needed to maintain the fleet maintenance program and keep it updated.
- Other duties as assigned

PHYSICAL REQUIREMENTS of the JOB:

- At times work will be performed in loud environments requiring hearing protection
- At times work will be performed in non-temperature-controlled environments
- At times work will be performed around rotating equipment
- At times work will be performed while sitting, standing, crouching, squatting, and reaching at heights
- At times work will be performed in a standard office environment with regularly scheduled working hours
- Must be capable of: Safely lifting of up to 70 pounds on occasion, maintaining good balance
- Must be capable of safely moving 55-gallon drums of oil
- Safety and PPE must be worn at all times when performing work in the field
- Occasional travel may be required by small planes, ferry, helicopter, boats, and/or ATV
- Overtime may be required
